Dear Evan,

Congratulations on your upcoming grand opening. I will certainly be in attendance to celebrate this great event.

I can't help but remember the terrific times and wonderful care we provided the team. There are few individuals in sports medicine as knowledgeable and skillful as you. Also, I thank you for sharing your knowledge with me and bringing me up to date with cutting-edge physical therapy techniques.

I am sure that your new clients will quickly learn what I already know. You provide the best care for every patient- professional athlete or week-end warrior.

I look forward to working with you on new projects and continue to grow professionally with you.

Respectfully,

A handwritten signature in cursive script that reads "Mike Saunders".
